

SimUnity.Web is your direct communication tool for your customers. Enable your customer to logon via Internet Browser, view his scheduling information and request sessions.

Access Level	1	2	3
Assigned Bookings	❖	❖	❖
Available Slots	❖	❖	❖
Other Bookings Anonymous		❖	❖
Other Bookings with Details			❖

The displayed information depth can be adjusted for each customer.

Also the visible schedule horizon is adjustable for each customer, for example one month past and two month into the future.

Your customer and customer support as well as your sales team will love this tool – provide quick and easy scheduling information and practise reliable communication.
